NYE'S

IF THIS IS YOUR BIRTHDAY

Be conscientiously careful of things belonging to your employer or of things given to your care by anyone. Your next year will be happy, but without great events.

Those born today should be trained to entire self-dependence, for although they will have remarkable talents these will be made to serve the advantage of others, unless the talented ones are capable of some management of their own affairs. (May 10.)

IF THIS IS YOUR BIRTHDAY

The things which you will accomplish under the direction of or in association with others will please you, but some plan of your own will turn out a disappointment. Being over sensitive will only make you unpleasant to others and spoil your chances of success.

Those born today will have brilliant minds, but will be sensitive, romantic and irresponsible. Their aspirations should not be curbed, but habits of self-dependence and fair treatment of others should be taught them from infancy. (May 11.)

NECK IS BROKEN AT THE HOT SPRINGS

Playfully diving into the first inner pool to catch his wife by the feet and tip her over into the water at the Utah Hot Springs last evening, at about 10 o'clock, Emil C. Greiner, son of John J. Greiner, misjudged the depth of the water and struck his head on the bottom, breaking his neck. He is still alive, but is in a precarious condition and there is a grave question with the physicians whether his life can be saved.

Mr. Greiner was not rendered unconscious but is paralyzed from his shoulders down. An X-ray examination is being made of the injuries this afternoon, after which it will be determined whether an operation will be of any use. The doctors are of the opinion that the seventh cervical vertebrae was either broken or dislocated, causing injury of the nerve centers and possibly hemorrhage of the brain. The neck is the only sore spot on the man's body and it is feared that it is broken.

Mr. and Mrs. Greiner with friends were bathing in the pool when Mr. Greiner dove into the water to catch his wife by the feet and duck her. He misjudged the depth, for instead of diving into five or six feet as he thought, the water was only 2 1/2 feet deep. He struck fairly on the top of his head near his wife. She took hold of him and he told her to aid him to the steps leading from the pool. This she did and when he reached the steps blood was seen oozing from his head and it was discovered that he was badly injured. An attendant of the place aided in getting the injured man to a room and Dr. J. E. Martin, manager of the place, was called.

Dr. Martin immediately discovered that the man was paralyzed from the shoulders to his feet and he called Dr. G. A. Dickson also advising Mr. Greiner's father of the occurrence. Dr. Dickson attended the man at about 12 o'clock and later Dr. Worrell was called by the young man's father. The patient was kept at the Springs until this morning when he was taken to the Dee hospital. He has been gradually growing worse since the accident and unless relief can be had through an operation, it is feared he will not survive.

BEAUTIFUL SCENIC PICTURE

Winter in Upper Engadine Switzerland is a beautiful scenic picture in an excellent program at the Oracle this week. A view of the Alps in all their wondrous and glorious beauty and magnificence. An unusual educational subject showing some phases of the chicken raising industry is also in this program and is very interesting.

Cines two reel feature, "The Broken Vow," in the program at the Globe this week is an emotional drama in a well conceived plot evincing the power of money over the sacredness of love. "The Broken Vow" of Current Events is exceptionally good this week and it is right up to date. Released Monday, May 5, and put on in Ogden in three days.

In addition to Pathe's two reel feature and a very interesting scientific picture on Liquid Air at the Isis theatre, Prof. Thompson has arranged an exceptional good musical program as listed below.

The old brick school will be purchased by Mr. Whitmeyer for \$225 and will be torn down. The residents of Harrisville have sought to secure the old school and use the material in the construction of a new meeting house but they have submitted no bids.

Bids were opened for the construction of the school at Warren but all

were rejected as the lowest bid was not accompanied by a certified check as the demands of the board required. Other bids will be advertised for, to be opened in the near future.

NO SPOONING ON CITY HALL SQUARE

Dan Cupid is wanted by the Ogden police for practicing his profession on the city hall grounds without a license. Although his work has been in evidence for the past few days, he has so far evaded arrest and punishment. A conference of the city justices and chief of police was held this afternoon following the finding of a young man and young lady who had been so severely wounded by Cupid

that they had forgotten whether it was day or night.
The first indication of Cupid's activity was seen shortly after 7 o'clock this morning when the couple was seen seated on a park bench. Their billing and cooing was winked at by those who passed and the employees of the city hall offices were rather amused. When it came 10 o'clock and the two were still on the bench, the affair did not appear so funny and when the love that comes in the spring showed no sign of abating, although the season has nearly passed, the police were called in to investigate.
